PROJECTS

Hidden Horizons

Role: Frontend Developer
Date: January 2024 - May 2024
Description: A groundbreaking website designed to uncover the mysteries and allure of India's less-traveled destinations. The platform uses Google Maps to guide users through unexplored landscapes, revealing hidden gems beyond the typical tourist radar.
Technologies Used: HTML, CSS, Bootstrap, JavaScript (API Fetch), Firebase, AI Chatbot

Rock Paper Scissors Game

Role: Front End Developer
Date: March 2023 - April 2023
Description: Developed an interactive Rock Paper Scissors game to provide an engaging and entertaining user experience. The game allows users to play against a computer opponent with dynamic visual feedback.
Technologies Used: HTML, CSS, JavaScript

RapiFix

Role: Front End Developer
Description: Developed a service platform similar to Urban Company that connects customers with service professionals such as plumbers, carpenters, and electricians.
Technologies Used: HTML, CSS.
